

Question of the day:

The average heart will beat approximately 1.5 billion times by the time a person is 66.

TRUE or FALSE

Yesterday's answer was True. Michelle Obama (lawyer, author and spokesperson for multiple charities) has a husband called Barack (former President of the United States of America).

Today's answer is in the PE section at the bottom of the sheet.

Did you know: The heaviest ship pulled by someone's teeth is 676.8 tonnes.

Did you know: The largest drinking straw sculpture - made up of 168.307 straws – is two over 2 metre high waves crashing into each other. You can even walk through the middle.

English Spag

Your task today is to complete one of the activity sheets on Modal Verbs.

English

Your final task for this week will be to review and edit your work. Make sure you focus on the same areas that we would do in school (see editing station sheet) to make sure that you are able to improve all areas of your work.

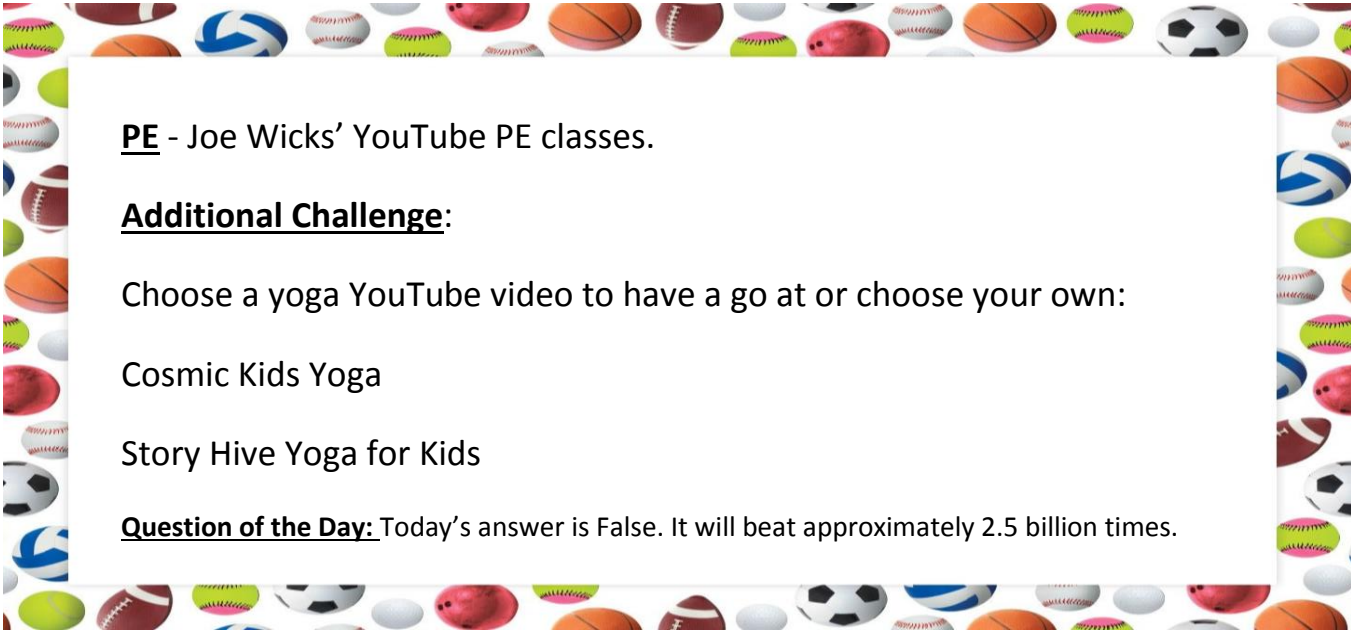

Maths

Have a go at today's challenges! You can complete as many as you would like, but we recommend you focus on challenges 3 to 6. Challenges 7 to 10 are there if you feel like *really* stretching yourself or getting your older siblings/parents involved!

Arithmetic

1. $48 \times 3 =$
2. $394 \times 10 =$
3. $27 \times 4 =$
4. $85,487 - 42,336 =$
5. $13.8 \times 10 =$
6. $29,815 + 30,162 =$
7. $78,968 - 41,552 =$
8. $1.2 \times 100 =$
9. $454 + 4 =$
10. $362 - 10 =$

PE - Joe Wicks' YouTube PE classes.

Additional Challenge:

Choose a yoga YouTube video to have a go at or choose your own:

Cosmic Kids Yoga

Story Hive Yoga for Kids

Question of the Day: Today's answer is False. It will beat approximately 2.5 billion times.
