Li: To write a narrative

# 'Soar'

Over this week we will be planning and writing a beginning to the animated short film 'Soar'. You will notice that the film starts with Mara, in a field with a model airplane. This week we will be planning to write a narrative that describes the build up to this, creating a new beginning to the story.

# Task

Today, we would like you to come up with a few different ideas as to how Mara arrived in the field with her model airplane. You can choose to record this however you like, such as a spider diagram or even through sketches.

# Model

Idea 1 – Mara is fascinated by flight, watches birds fly outside of her bedroom window, dreams of one day being a pilot. Receives the model airplane for her birthday.

Idea 2 – Mara lives a lonely life, she one day stumbles upon a model airplane caught in a tree. Mara works hard to fix it, and returns to the field at the back of her house to test fly the model.
