L.I - To record and discuss thoughts on the film 'The piano'.

What I know...

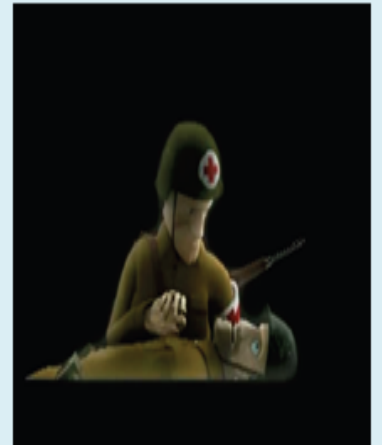

What I think I know...

What I would like to know..

1) Who is she? Why does she disappear?
What makes you think that?

2) When do you think this was?
What do you think happened?

3) Who is the boy?
When do you think this took place?

4) Is this the past, or the present?
Who is the boy who sits with the Pianist? How do you know?
