LI: To plan a narrative

'Soar'

<https://www.literacyshed.com/soar.html#>

1st task

You will now need to choose your favourite idea from yesterday. Think carefully about which idea will give you the best opportunity to create and show off your writing at its best.

Once you have chosen your preferred idea, you will need to create a storyboard that illustrates what will happen in the lead up to the beginning of the animated film.

Plan

Use the storyboard frame to draw what you want to happen and below each picture write some key words that will help you to keep your plan on track.

Model

1

Mara is lonely and walks
in search of birds.

2

Mara walks to her favourite tree.

3

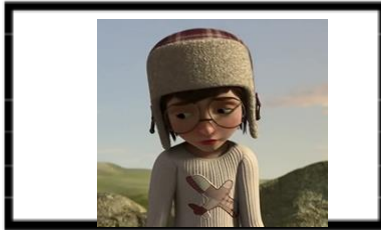

Mara finds a model
plane in a tree.

4

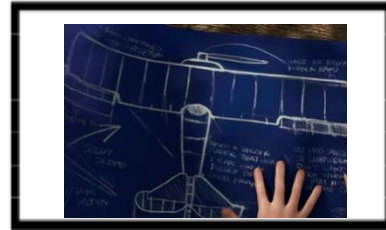

She discovers it is broken.

5

Sad, she takes the plane
back to try and fix it.

6

Her grandfather shows her a
plan. He mentions that he found
something similar as a boy.
