

Year 4 Homework - 19th March 2020

Dear Parents,

Please check our class page everyday for work that children can complete whilst at home. Any worksheets will be uploaded onto the page.

We have set up children accounts on Classroom Secrets Kids
<https://kids.classroomsecrets.co.uk>

The children's username is 47183 followed by their first name. For children who have the same name or are known as a different name please look at their usernames below:

47183matthewo

47183liamh

47183scarlett-rose

47183klee

The password is sh (lower case)

When using Classroom Secrets Kids, please check the class page to see which task to do. Please refrain from completing all the activities in a week.

Purple Mash is an additional resource that we will use. Children will be set tasks via the 'do' function. Please refrain from attempting tasks that have not been set because this is a resource we use in school.

Children have been shown how to practise their times tables on Purple Mash. This app allows us to keep track on all times tables facts they find difficult.

If we find other online resources, we will inform you via the classpage.

Spellings

This week, we are focusing on words with the ending -sion and -ssion.

Please can you test your children on these words.

profession session percussion passion mission possession confusion
exclusion explosion corrosion

Please make sure your child reads aloud to an adult.
Children must also continue to practice their times tables
using TTRock stars.
